

## Friends of Warneford Meadow Merchandise Catalogue June 2010

The meadow and orchard have now been registered as a town green. During the campaign to gain registration, thousands of pounds were raised by the community to pay the costs of legal representation. A successful and popular way of fund-raising was the production and sale of FoWM merchandise. Many supporters said that buying FoWM cards and mugs made them feel part of the campaign as well as helping to spread the word.

It is still necessary to raise funds to help cover running costs and FoWM merchandise is still for sale. This catalogue summarises items – old and new – that are available for purchase.

## FoWM Notecards

A new selection of FoWM notecards is now available, featuring the images below, taken from the Oxford Times Limited Edition feature. The cards are postcard size (14.7cm x 10.2cm) and are blank inside for your own message. A short paragraph on the reverse describes the meadow and its use as a town green. An envelope is included in the price of the card.
